A classic natural pet-care book from two celebrated veterinary specialists in chemical-free nutrition, treatment, and natural healing for pets, *Dr. Pitcairn's Complete Guide to Natural Health for Dogs & Cats* offers valuable natural and holistic advice on a host of pet topics, including, but not limited to, diet, exercise, environment, coping with a pet's death, and how to care for a sick animal. In addition to their thorough discussion of the above, Richard Pitcairn, D.V.M., and his wife, Susan Hubble Pitcairn, M.S., offer a comprehensive "quick reference" section on animal illnesses, organized alphabetically and including a brief description of each illness, preventative measures that may be taken, and holistic and natural treatment options for both dogs and cats--treatments that should always be discussed with one's vet before being used. Occasional line drawings, informative graphs, and the Pitcairn's intelligent prose make this guide a must-have for pet owners interested in a natural lifestyle for their pets.
